

PROPOSAL FOR EXHIBITION

This April I will be taking part in Cork Photo 2018. Photographic exhibitions will be spread throughout Cork city in a wide range of venues. The festival begins on the 1st of April and runs until the 30th, although shorter exhibition lengths can occur. More information can be found at www.corkphoto.com.

A catalogue with guided map is produced for the festival. This will direct people around the city and will give added exposure to the venues. Each venue is provided with a window vinyl to highlight participation. Exhibitions will be visually engaging from the street and a point of interest for people passing by.

I would like to propose my photographic series be installed in your venue. If agreeable, the exhibition will be installed prior to the 1st of April and will be dismantled promptly. I will take full liability for the work displayed. I will also be personally installing the work and can ensure that the space will be left as found. Your venue will be included on the website and festival catalogue, which will be distributed across the city and county.

Please note: Any agreement is between the artist and the venue. Cork Photo holds no responsibility for any issues that may arise.

Attached are my contact details and an example of my work, so you can see what would be displayed during the exhibition. I would greatly appreciate if you would consider allowing me to exhibit my works in your venue. Should you have any further questions, please feel free to contact me directly.

Many thanks for your time and I hope to hear from you soon.

Signed:
